Gomez Announces Grant Funding for Local Park Projects

SPRINGFIELD- State Senator Adam Gomez (D-Springfield) joined the Healey-Driscoll Administration today to announce 3 grant awards coming to the Hampden District as part of a \$27.8 million package of funding for park improvements and open space acquisitions across Massachusetts that will conserve 2,375 acres. The Executive Office of Energy and Environmental Affairs (EEA) awarded Parkland Acquisitions and Renovations for Communities (PARC), Local Acquisitions for Natural Diversity (LAND), Conservation Partnership, Cranberry Bog Acquisition for Restoration, and Land and Water Conservation Fund (LWCF) grants

that will support 54 communities. The five grant programs will help municipalities and land trusts safeguard land for outdoor recreation, biodiversity, climate change mitigation, and other purposes.

“Grant funding of this magnitude can have an enormous impact on a local community, helping them reimagine and bring life to an area that may have previously gone neglected or unused,” commented Senator Gomez. “With our cities and towns becoming increasingly congested, it’s important that we find areas to develop that offer new forms of recreation and relief while conserving the land for future generations.”

The three grants being awards in the Hampden district include:

Chicopee will be receiving a \$500,000 PARC Grant to make improvements to Sarah Jane Park. The project will make improvements to soccer fields and baseball/softball diamonds, install irrigation to the baseball field, add spectator bleachers, install universally accessible playground equipment, replace the pedestrian loop and skatepark, and add picnic tables with pads.

Springfield will receive a \$500,000 PARC Grant for use on Phase 2 of the Blunt Park project. The project will include an improved park entrance and

parking lot, accessible walking track and outdoor fitness equipment, softball facilities, improved playing field, tree plantings, and landscaping improvements.

Springfield will receive a \$1,000,000 LWCF Grant for use in Magazine Park. The project will include installation of an accessible splash pad, playground and picnic amenities, restrooms, a softball diamond, walking path, open space improvements, tree plantings, and landscaping.

For more information on the grants being awarded, please visit <https://www.mass.gov/news/healey-driscoll-administration-awards-over-27-million-for-conservation-open-space-and-park-projects>.

Please check the accuracy of your legal notice prior to submission (i.e., date, time, spelling). Also, be sure the requested publication date coincides with the purpose of the notice, or as the law demands. Thank you.

The benefits of local newspapers

Local newspapers play vital roles in communities across the globe. The Information Age has changed the way many people get their news, but local newspapers continue to serve as valuable resources for readers interested in learning more about and becoming more involved in their communities.

While local publishers continue to adapt to the changes brought about by technology, the following are a handful of benefits unique to local newspapers.

- **Local newspapers keep readers up-to-date on their own communities.** Globalization may be here to stay, but that does not mean local communities are no longer home to newsworthy events. National and international newspapers and 24-hour cable news channels can keep men and women up-to-date on national and world news, but in many instances, local newspapers are the only means people have to learn about what’s going on in their own communities. Local politics impact residents’ lives every day, and local newspapers cover local politics extensively.

- **Local newspapers benefit nearby businesses.** Small business owners often connect with community members via local newspapers. A strong, locally based small business community can improve economies in myriad ways, creating jobs in the community and contributing tax dollars that can be used to strengthen local schools and infrastructure. And local newspapers do their part by providing affordable and effective advertising space to local business owners looking to connect with their communities.

- **Local newspapers can strengthen communities.** Local newspapers are great resources for residents who want to become more active in their communities and learn more about community events. Local newspapers often showcase community events like carnivals, local theater productions and projects like park cleanups. These are great ways for readers to become more active in their communities and build stronger communities as a result.

- **Local newspapers can benefit children.** National newspapers may have

little age-appropriate content to offer young children, but local newspapers tend to include more soft news items than national periodicals, and such stories typically are appropriate for young readers. According to Newspapers in Education, students who participated in an NIE group in Florida performed significantly better in spelling and vocabulary

than nonreaders. Additional studies have indicated that students who use newspapers in the classroom perform better on standardized reading tests than those who do not use newspapers in class.

Many local newspapers have played vital roles in their communities for decades, providing a go-to resource for local readers and business owners.
